Public Health and Human Services Director  
Boone County Order No. 2020-05C**

**Notice and Issuance of Rules and Regulations regarding Gatherings in  
Boone County – Reopening Plan – Phase 2, Step 1**

**JURISDICTIONAL NOTE – These Rules and Regulations apply to all areas  
within Boone County outside the city limits of the City of Columbia.**

**Facts**

1. The United States Center for Disease Control and Prevention has reported that a novel (new) coronavirus that was first detected in China and has now been detected in more than 100 locations internationally, including in the United States.

2. The virus has been named “SARS-CoV-2” and the disease it causes has been named “coronavirus disease 2019” (“COVID-19”).

3. COVID-19 is a highly contagious disease that has been spreading rapidly worldwide since approximately December 2019.

4. On March 13, 2020, the President of the United States declared the COVID-19 outbreak a national emergency and the Governor of Missouri declared a state of emergency in Missouri.

5. As of March 15, 2020, SARS-CoV-2 virus has been responsible for nearly 200,000 cases of COVID-19 resulting in over 6,000 deaths worldwide.

6. The United States Centers for Disease Control and Prevention (“CDC”) has warned against large gatherings of people:

“Large events and mass gatherings can contribute to the spread of COVID-19 in the United States via travelers who attend these events and introduce the virus to new communities. Examples of large events and mass gatherings

include conferences, festivals, parades, concerts, sporting events, weddings, and other types of assemblies.”

<https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/mass-gatherings-ready-for-covid-19.html>.

7. In addition, the CDC has urged restriction on the size of any gathering consistent with local conditions.

8. The CDC has raised particular concern about the health and susceptibility of high-risk individuals. <https://www.cdc.gov/coronavirus/2019-ncov/downloads/community-mitigation-strategy.pdf>.

9. COVID-19 has now been detected in the State of Missouri and Boone County, with local conditions expected to include an increase of infections consistent with national trends unless significant containment efforts successfully limit the local spread of the virus.

10. The Health Director, as the Local Health Authority, has issued prior Orders that have resulted in a decline of the number of COVID-19 cases in Boone County. At this time it is appropriate to cautiously begin to reopen Boone County in a manner that will be flexible and responsive to data on the status of COVID-19 cases in Boone County.
